**Product Description**

This tracing device involves reversal ability, hand-eye coordination and learning. Subject is required to trace the star pattern while watching only its mirror image. This automated unit comes with an impulse counter which counts every time the metal-tipped stylus leaves the anodized star pattern. Also available in 220V/50Hz.

**Optional Products for Usage**

**Replacement Star**

Model 32532A

Replacement Star for Auto Scoring Mirror Tracer

**Multi-Function Timer / Counter**

Model 54035A

The new Multi-Function Timer/Counter does things that your computer simply cannot - time and count multiple events simultaneously.

**Economy Clock / Counter**

Model 54060

The economy clock/counter is a timing device that is capable of accurately recording times down to the millisecond.

**Replacement Mirror and Base**

Model 58024M

Mirror and Base only for the Auto Scoring Mirror Tracer, Model 58024A.
