

# SI Instruments—test equipment for Closure Torque Testing

## Pouch Holder Accessory

SI Instruments have developed a Pouch Holder, used with a Mecmesin Orbis Torque Tester, to allow measuring of the closure torque of pouches. The pouch slips easily into the holder, where the cap is instantly in the centre of the Torque Tester, ready for measurement.

The Pouch Holder can be easily removed so the Mecmesin Orbis can be used for standard bottles.

### Key Features:

- Easy to Use
- Can be removed
- Auto centre of sample
